What makes this tour unique?

Discover the wildlife in Tanzania in only four days. The first day you visit the beautiful Tarangire National Park and stay overnight at Lodge/Camp where you can relax at the swimming pool. The second day we will travel to Lake Manyara. Lake Manyara is a shallow salt lake overlooked by the Rift Valley ridge. You'll see elephants, Hippos, flamingos and you just may see the tree-sleeping lions. The last day you visit the amazing Ngorongoro Crater. From there and on the way back to Arusha/Moshi you will visit a Maasai encampment and share the culture and rituals of the people.

For a limited time we are offering a free day trip either before your safari or after. This will be to a local beauty spot or to a coffee plantation. The choice is yours. We are taking bookings now.

Group type: Private

Customizable: Yes
